How to Measure

Take a similar garment that fits your player and lay it on a flat surface. Measure the same point on that item to determine the proper size of the new item

Use the size charts on the following slides to determine your player's size. If you are on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit.

TOPS

- 1 Chest**
Measure from seam to seam the fullest part, across chest points, keeping the tape horizontal.
- 2 Waist**
Measure from seam to seam the narrowest part (typically the small of your back and where your body bends side to side), keeping the tape horizontal.
- 3 Torso**
Measure from the armpit to the bottom edge of your shirt.

BOTTOMS

- 1 Waist**
Measure from seam to seam the fullest part of your hips, keeping the tape horizontal.
- 2 Length**
Without shoes, measure from the top of your hip to the floor.
- 3 Inseam**
Measure from your crotch to the bottom of your leg.

SIZING TIPS

- Too big is better than too small
- Be aware that Youth XL does not correlate to Adult Small. YXL will be wider and shorter. If you are on the fence about ordering YXL or AS, it is probably best to order the AS
- Compared to Youth & Men's sizes, Women's tops will be tapered & Women's shorts will be shorter
